SUMMARY

MERN Stack Developer with strong software engineering skills and hands-on experience in building real-life, responsive web applications. Proficient in API integration, testing, and delivering clean, maintainable code. Adept at identifying bugs, optimizing performance, and contributing to full project life cycles.

TECHNICAL SKILLS

- **Languages:** JavaScript, HTML5, CSS3, SQL, JSON
- **Frontend:** React.js, Bootstrap, Responsive Web Design, DOM Manipulation
- **Backend:** Node.js, Express.js, RESTful APIs
- **Database**: MongoDB, MySQL, Mongoose
- **Testing & Debugging**: Postman, API Testing, Manual Testing, Unit Testing, Bug Fixing
- **Version Control:** Git, GitHub
- **Development Tools:** Visual Studio Code, Sublime Text, Chrome DevTools
- **Design & Graphic Tools**: Canva (Graphic Design)
- **Other Skills:** Full Stack Development, Software Engineering, Real-life Application Development, Responsive Design Implementation

WORK EXPERIENCE

Freelance MERN Stack Developer & Software Tester

- Remote | 2022 – Present
- Successfully delivered multiple full-stack web applications for clients across various industries as a freelance developer.
- Demonstrated strong client communication skills by gathering requirements, providing regular updates, and delivering high-quality solutions on time.
- Applied software engineering best practices including modular architecture, reusable components, and clean, maintainable code.
- Developed responsive, real-world applications using MongoDB, Express.js, React.js, and Node.js (MERN stack).
- Conducted thorough manual and API testing using Postman to ensure functionality, performance, and reliability.
- Projects included task management systems, admin dashboards, dynamic websites, and database-driven applications tailored to client needs.

EDUCATION

Bachelor of Science (BS), Computer Science
University of Chakwal
Sep 2023 – Jul 2027
Activities: Developed real-life applications using the MERN stack, performed API testing, and applied software engineering methodologies in both academic and freelance projects.
